

# Picking... Popping... Pumpkin Fun!

Items Needed: 24 orange balloons attached to piece of poster board or foam board/Point Keeper/2 pair of blunt, child size scissors for each team to pop pumpkins. —If making for Virtual Good News Club-make no larger than poster size...with fewer balloons. Don't blow balloons large for virtual. Small is always better.

Ask a lesson review question from each team. After both teams answer a question, choose two children from each team to come up front to pick & pop a balloon pumpkin. Each pumpkin contains a number. Have the kids give the number to the point person. Continue doing this until all the questions have been asked, pumpkins picked, and popped! The team with the highest number of points become the mighty champion "Pumpkin Picking Poppers!"
